## Glossary

**“Approved budget”** means an annual budget approved by Council.

**“Adjustment budget”** means the revision of the annual budget in terms of section 28 of the MFMA.

**“Allocations”** means the money received from the Provincial or National Government or other municipalities.

**“Annual budget”** means the financial plan of the Swellendam Municipality.

**“Budget-related policy”** means a policy of the municipality affecting or affected by the annual budget, including the tariff policy, rates policy, credit control, and debt collection policy.

**“Budget Year”** means the financial year for which an annual budget is to be approved in terms of section 16 (1).

**“Quarter One”** means the reporting period from the 1<sup>st</sup> of July until the 30<sup>th</sup> of September.

**“Quarter Two”** means the reporting period from the 1<sup>st</sup> of October until the 31<sup>st</sup> of December.

**“Quarter Three”** means the reporting period from the 1<sup>st</sup> of January until the 31<sup>st</sup> of March.

**“Quarter Four”** means the reporting period from the 1<sup>st</sup> of April until the 30<sup>th</sup> of June.

**“Capital expenditure”** is the spending on assets such as land, buildings, and machinery. Any capital expenditure must be reflected as a non-current asset on the municipality's statement of financial position.

**“Cash flow statement”** means a statement including only actual receipts and expenditures by the municipality. Cash payments and receipts do not always coincide with budgeted timings. For example, when an invoice is received by the municipality it is shown as expenditure in the month it is received, even though it may not be paid in the same period. The same principle applies to cash receipts. The municipality recognises the revenue on the date of billing whilst payment may not appear in the same period; the receipt is recognised at the date of receipt.

**“DORA”** means the Division of Revenue Act that shows the total annual allocations made by national to provincial and local government.

**“Equitable Share”** is a financial allocation in the form of an unconditional grant that enables municipalities to provide basic services to poor households, and to enable municipalities with limited own resources to afford basic administrative and governance capacity and perform core municipal functions.

**“Fruitless and wasteful expenditure”** is an expenditure that was made in vain and would have been avoided had reasonable care been exercised.

**“Vote”** means one of the main segments into which a budget of a municipality is divided for the appropriation of money for the different departments of the municipality. In Swellendam Municipality this means at directorate level. The votes for Swellendam Municipality therefore are:

- Municipal Manager;
- Corporate Services;
- Financial Services;
- Engineers Services; and
- Community Services.

The other sources of revenue that have material variances in rand values are as follows:

### Interest earned from Current and Non-Current Assets

The budget amount for interest earned from current and non-current assets is R 16,0 million, whilst the year-to-date budget based on history is R 10,8 million, and the year-to-date actual revenue is R 11,9 million. This represents 74.9% of the budget amount. The interest earned on investments was higher than anticipated.

Fines, penalties and forfeits

The budget amount for fines, penalties and forfeits is R 52,7 million, whilst the year-to-date budget based on history is R43,3 million, and the year-to-date actual revenue is R 49,6 million. This represents 94,1% of the budget amount. The amount received for fines, penalties and forfeits is more than what was anticipated.

**2.3 Operating expenditure by type**

The figures in this section should represent the accrued amounts; in other words, when the goods have been ordered, received or the invoice has been completed (reconciled with goods received and prices quoted) it should be captured as an expense. Shadow figures are reflected on the financial system once an order is issued. This action serves as a budgetary control mechanism and no actual financial entries are passed. These figures cannot be used for reporting purposes. The amounts included as expenditure are currently only those for which a payment run has been completed.

The total actual expenditure amounts to R 385,3 million, while the monthly actual expenditure for March 2026 amounts to R62,1 million. The total budget is R 591,9 million and the year-to-date budget is R 386,2 million which represents an underspending of 0% for the year-to-date. The breakdown is as follows:

The following additional information regarding the table below does apply:

The year-to-date variance percentage refers to the year-to-date variance as a percentage of the year-to-date-budget for the period 1 July 2025 to 30 June 2026.

## 7. ALLOCATION AND GRANT RECEIPTS AND EXPENDITURE

It should be noted that the Grant sheets are manually populated as the financial system generated version may not be a true reflection of transactions posted for the year. Also, to note that there may be a distortion on the Human Settlements Development Grant and Provincial Contribution to the acceleration of Housing Delivery Grant, due to the GRAP treatment of Construction Contracts.
