

TOP LAYER SDBIP 2025/2026

Performance Report

**Quarter 4 (01 April 2026 – 30
June 2026)**

A Vorster

Municipal Manager

EXECUTIVE SUMMARY

The Municipality is required to produce a Service Delivery and Budget Implementation Plan (SDBIP) to outline the following:

Monthly projections of revenue and expenditure for the operating and capital budgets

Quarterly service delivery targets and performance indicators. The 2025/26 SDBIP was approved by the mayor on 30 May 2025.

Each month the Municipal Manager must present the mayor with a report how income and spending are progressing against these projections.

Every quarter the mayor must report to the Council on the progress of the budget implementation.

SERVICE DELIVERY TARGETS AND PERFORMANCE INDICATORS

Each Directorate must provide quarterly targets where possible so that performance can be monitored throughout the year. The Municipal Manager and Directors performance contracts must contain these targets. The targets cannot be changed during the year unless Council approves the changes.

The SDBIP is essentially a business plan, and an integral part of the financial planning process. Although its approval is required after the budget, its foundational preparation has occurred in tandem with the budget process. The SDBIP is the connection between the budget and management performance agreements.

The SDBIP is a contract between the administration, council and the community, expressing the goals and objectives set by the council as quantifiable outcomes that can be implemented by the administration over the financial year.

The SDBIP is seen as a management, implementation, and monitoring tool to measure the performance of the municipality.

MFMA REQUIREMENT – APPROVAL OF THE SDBIP

Under the MFMA the process for approval of the SDBIP is covered under Chapter 7.

Responsibilities of Mayors and Chapter 8 – Responsibilities of Municipal Officials.

Under Chapter 8 the Accounting Officer must submit a draft of the SDBIP to the Executive Mayor within 14 days of the budget being approved.

Chapter 7 of the MFMA requires the Executive Mayor to take all reasonable steps to ensure that the SDBIP is approved by the Mayor within 28 days after the approval of the budget and that the SDBIP is made public no later than 14 days after that.

Section 54 sets out the responsibilities of the Executive Mayor regarding budgetary control and the early identification of financial problems.

When a budget monitoring report is received under sections 71 and 72 of the MFMA, the Executive Mayor must check whether the budget is being implemented in accordance with the SDBIP. If it is decided to amend the SDBIP, any revisions to the service delivery targets and performance indicators must be made with the approval of the council following an adjustment budget.

MONITORING

The Section 71 and 72 budget monitoring reports required under the MFMA should provide a consolidated analysis of the Municipality’s financial position including year-end projections. Section 52 reports should also be presented to the Executive Mayor and Council to consider the need for any amendments,

PERFORMANCE ASSESSMENT

The overall assessment of actual performance against targets set for the key performance indicators as documented in the SDBIP is illustrated in terms of the following assessment methodology:

Colour	Category	Description
	KPI Not Yet measured	KPI's not applicable for the period underreview
	KPI Not Met	Actual vs target less than 75%
	KPI Almost Met	Actual vs target between 75% and 100%
	KPI Met	Actual vs target 100% achieved
	KPI Well Met	Actual vs target more than 100% and less than 150% achieved
	KPI Extremely Well Met	Actual vs target of more than 150% achieved

The outcome of the performance for the 2025/2026 financial year, quarter 4 is indicated in the below chart for consideration (please note that the actuals are draft and is subjected to change after audit and final information).
